AUGUST/SEPTEMBER JOURNAL

August & September:

HOW DO I USE THIS PRODUCT?

This pack includes multiple resources to support writing in the beginning of the year. The following is how to utilize each page:

Pages 4: This is the first (beginning of the year) "goal poster" of the year-long bundle. This goal is used on the bottom of each journal page in this pack. Use this poster to introduce or teach this goal. Show students that if they accomplish the goal (e.g., add labels to their picture) they can color the circle next to the picture of the "label tag". The additional stars at the bottom of each journal page are for students to keep track of how many labels they add to their picture. Instruct students to color a star for each label they add.

TIP: When I introduce this goal, I let students know that they can add beginning sound (one letter) labels and/or try to label the things in their picture with all the sounds they can hear in the word. *I have bolded the beginning letter in the labels on the goal poster to show this.

Pages 5-13: Vocabulary Cards! These cards include all the vocabulary (school things and animals) used in this journal. I cut these out and post them in the writing center for students to use when writing independently. Feel free to use these however you like!

Pages 14-16: This is the monthly journal covers should you choose to put these pages in a journal. Page 14 is a journal cover without a month's name if you want to use this journal more flexibly. *If you are making a August and September journal, feel free to choose which journal pages you want to use for each journal.

August & September:

HOW DO I USE THIS PRODUCT? (CONTINUED)

Page 17: This is the writing stamina page. Your students can use this page to track their writing stamina throughout the month!

Pages 18-43: Journal Pages- These 26 pages include two vocabulary words on each page. School words and animals are included in this pack.

TIP: When my students first start writing, I have them write about what we did or will do at school. This is why I have included school vocabulary first. Writing lines are added at the bottom for students who are ready to add words/sentences.

Page 44: Bonus!! Blank journal page to add your own vocabulary!

*PAGES 46-72: Same journal pages but with a head, middle, and foot line!

If these journals create success in your classroom, please check out my YEAR-LONG GROWING bundle! Each month, a new print and go journal will be added until Sept-June has been added to the pack. Each journal will be applicable to a kindergartener's writing needs during that month of the school year. For example, September's journal will involve labeling, only two lines for writing, etc. For more information about how each journal pack changes each month, check out this GROWING bundle in my store. The earlier you buy, the MORE you SAVE!

Please don't hesitate to email me at thekinderlife@gmail.com if you have any questions, concerns, or comments.

ENJOY!
