**POSITIVE Behavior TOOL**  
**WALL OF FAME**

**materials:** -Wall of Fame Plaques (laminated) -Wall of Fame Tickets -Wall of Fame Parent Letter -Wall of Fame Plaque in your classroom to post the Wall of Fame

**prep:** Post the Wall of Fame Plaques in a space in your room. The next page shows what plaque goes at the Top/bottom. Make a copy of the Learning Ticket for each student. Each student will put their initials in the circle on the Ticket. The Ticket will be posted next to the Learning Leopard plaque.

**how to:** After displaying the Wall of Fame, start a discussion with students. Discuss goals the class would like to work on. Tell students that they will earn a colored square when they exhibit behavior that works towards these goals. Show them the order of animals- Leopard to Scorpion. Explain to students that after they earn all nine squares colored, they will move to the next animal.  
**TEACHER CHOICE:** The teacher may decide to be the only person to color the squares when students earn them OR the teacher can choose to let students know when THEY can color a square.  
Decide on how/when students will know they can color a square. For example- end of day, before recess, etc.  
Send home the parent letter.  
Enjoy watching your students work towards their goals!

how to arrange on your wall

-Leave space between each plaque for future tickets. You will need the most space for the bottom character. You will need less space for the top character because these characters take longer to write and it is important that all will be arranged in the same way. Three plaques at a time.

-Once a student has all nine squares colored, remove their ticket from the wall and replace it with the next ticket (next to the new plaque).

announcing...

## THE WALL OF FAME

Dear Family,

We are embarking on a journey up the Wall of Fame! Our class has decided on some goals we would like to work on and we will be tracking our progress with these goals.

How it works:

- Each student starts as a Learning Leopard.
- If a student exhibits behavior towards our goals, they will color one square on their ticket until they have earned all nine squares.
- Once a student has all nine squares colored, that student will advance to the next character.

When a student moves on to the next character, an award note will be sent home. We will celebrate with your child!

Let us know if you have any questions.

Sincerely,

# WALL OF FAME PREVIEW
