

How do I use this product?

PRACTICING COLORS (PAGES 2-5): Print these pages for students to practice colors. The recording sheet on page two is perfect for students who aren't yet writing their name. The recording sheet on page three has a spot for students to write their name.

PRACTICING NUMBERS (PAGES 6-8): Print these pages for students to practice numbers. Each time students find a bunny, they will color a bunny with the same number on the recording sheet. They can even color these bunnies the same color as the card if desired.

HERE ARE SEVERAL WAYS YOU CAN USE THESE CARDS:

-Print the colored bunnies (pages 4-5 & 7-8) and tape them in different places on the wall or place them in different spots around the room. Students will walk around the room collecting bunnies and coloring a bunny on the recording sheet the same color as the card they found.

-Print the bunnies at a smaller size (reducing page size when printing OR printing 2-4 pages per sheet) and put these bunnies inside plastic eggs! Have an egg hunt!

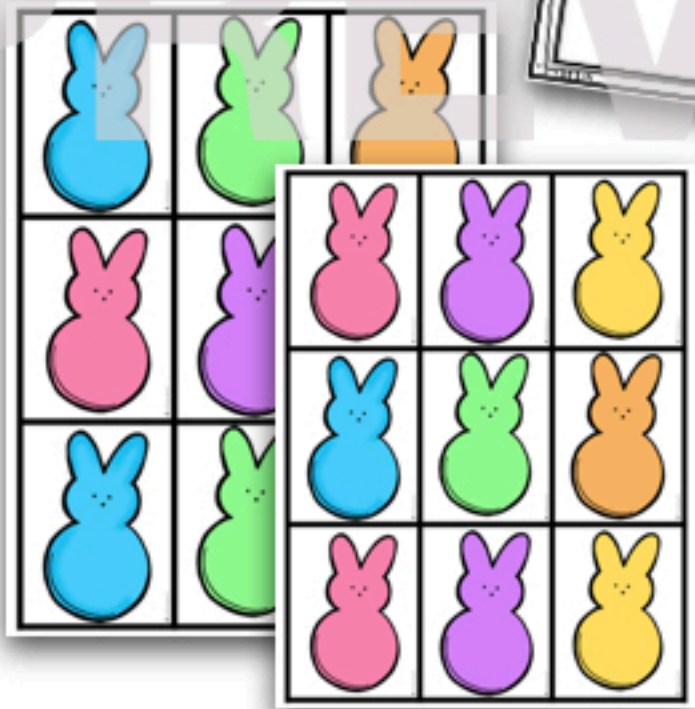

-Print the bunnies and place them in a sensory bin or Easter basket full of grass!

*Students will color ALL 18 bunnies on the recording sheet, including the bunny with the picture of a crayon on top.
